REPLIES TO FOLK

ACCUSES OPPONENT OF "MALICIOUS MISREPRESENTATION."

ARRAIGNS THE REPUBLIC

Declares St. Louis Newspaper Guilty of Both Duplicity and Treachery. Americanism Not an Issue.

Notwithstanding Senator X. P. Wilfley was delayed in arriving until late yesterday evening, after having been announced to speak at 5 o'clock in the afternoon, a good sized crowd greeted him shortly after 8 o'clock in the circuit court room at the court house, listening to an address of nearly two hours' duration.

Senator Wilfley replied to former Governor Folk, who is laying stress on the "peace telegram," sent to the President on March 8, 1917, by Wilfley and others. The telegram was published in an editorial of the St. Louis Republic, in which, according to Senator Wilfley, the Republic also questioned his Americanism.

Senator Wilfley accused Folk of misconstruction, and of reading only a part of the telegram, in an attempt to show that Wilfley condoned the atrocities of the Germans. Senator Wilfley characterized this as "the basis of an attempt to raise a false issue. The purpose of the telegram was to indorse the attitude of the President in keeping us out of war."

He quoted from a speech made by President Wilson before a joint session of Congress ten days before the telegram was sent, in which the President expressed the sentiment of the telegram. Said Mr. Wilson: "The American people do not desire it (war), and their desires are not different than ours." He quoted from the inauguration speech of the Presi-

RED CROSS WORKER COMING

Mrs. Edmund F. Brown, assistant manager of the Southwestern Division of the Red Cross, will be in Maryville Friday, where she will give two talks. One talk will be at 9:15 o'clock at the Normal school, and all young women between the ages of nineteen and thirty-five are urged to attend. Mrs. Brown, in a letter to M. J. Alderman, secretary of the Maryville Chapter of the Red Cross, stated that very few women of this age attend Red Cross meetings, and it is these people she wished to reach. Her talk in the morning will probably be on "The Great Demand for Nurses."

Mrs. Brown will make a second talk at 1:30 o'clock at the Christian church instead of the Red Cross rooms on West Third street, as was first announced.

The church is supplied with electric fans, which will add to the comfort of all who attend.

KILLED UNDER CARS

JOHN PAGE OF CONCEPTION JCT. MANGLED BENEATH TRAIN.

GT. WESTERN EMPLOYEE

According to Engineer He Was Lying on Track With Head Across Rail. Probably Heat Prostration.

John Page, of Conception Junction, a trackwalker for the Chicago Great Western Railroad, was run over and crushed to death yesterday afternoon about 4 o'clock about two and one-half miles north of that town. His head was almost severed from his body and both arms and a leg were cut off.

Page had taken the place of the regular trackwalker for the day, and was detailed to walk the north end. At about 4 o'clock the engineer of a southbound train saw a man lying on the track just ahead of his engine, his head across the rail. The brakes were applied, but the man was seen too late to stop the train before it reached him. It is believed that Page was overcome with heat and had fallen on the track.

The train crew reported the accident at once and a coroner's jury was immediately summoned to view the remains and the scene of the accident. An inquest will be held as soon as the train crew can be returned from Kansas City.

Page, who was about 25 years old, had been a resident of Conception Junction for a long time, and is survived by a widow and little daughter, Bertha.

Funeral services were held this afternoon and burial was in the cemetery there.

GIRL KILLS TELEGRAPHER.

St. Louis, July 25.—Miss Bernice Jennings, 17 years old, a Frisco telegraph operator at Eureka, thirty miles west of here, shot and killed James McGraw, 18, another operator, this morning. The shooting is believed to have followed an attack on the girl by McGraw.

252 TODAY'S CASUALTY LIST

GET HURRY ORDERS

NEW MEN ARE NEEDED TO FILL GAPS IN CLASS 1-A.

TO GO IN AUGUST QUOTAS

Sixty-one Men Comprising the Last July Contingent Left This Afternoon for Camp Funston.

Following an order received by the draft board, all requests for enlistment in the navy, marines or shipping service will be refused from registrants in both the 1917 and 1918 classes. The order from the office of the Provost Marshal General advises that the call for men to enter training camps in August will be fully as great in August as in July, and that it will be necessary to make physical examinations of all men in the 1918 class as quickly as possible to replenish the list in Class 1-A.

The last call, it is pointed out, has exhausted the men in Class 1-A, and as it is not expected to invade the deferred classes for future calls for some time, the new registrants must be quickly classified.

The last July quota of sixty-one men leaves this afternoon by special train over the Burlington via St. Joseph and Kansas City, for Camp Funston. Many of the boys were accompanied by parents and relatives to see them off.

With the exception of an unusually large crowd at the depot to cheer the boys on their way, there was no public demonstration of any kind.

PALFREYMAN GOES TO ST. JOE

Normal Athletic Coach Accepts Position of Physical Training Director at Central High School.

George Palfreyman, athletic coach and assistant instructor in physical training at the Normal School, has accepted the position of physical training director at Central High School, St. Joseph, for the coming year. Mr. Palfreyman has been a member of the Normal faculty since 1915.

In noting the Maryville man's acceptance of the position the St. Joseph Gazette says:

"He is a graduate of Missouri University, where he starred in athletics being captain of the varsity basketball team one year.

"Palfreyman came back to St. Joseph after graduation from the State University, and successfully handled athletics at Benton High School. In 1915 he went to Maryville, where he has made an excellent record as a coach and an instructor. While he was here as coach at Benton he was a star basketball player with several amateur teams here.

"Palfreyman replaces George Edwards, who accepted the position, but later resigned to go to Westport High School, Kansas City. Edwards had been engaged to replace James Dittemore, who was athletic coach at Central last year."

MISTAKEN FOR GERMAN U-BOAT

Washington, July 25.—Mistaken for a U-boat, a United States submarine was fired on by an armed liner off the American coast Tuesday, the Navy Department announced today.

FORM NEW AUSTRIAN CABINET.

Geneva, July 25.—Emperor Charles has commissioned Baron Handel, former minister of the interior, to form a new Austrian cabinet, according to information from Vienna today.

Mrs. Clark Fryar and daughter, Blanche, of Ravenwood, are shopping in Maryville today.

STILL FORCE GERMANS BACK

AMERICAN-FRENCH FORCES ENTER SECOND WEEK OF OFFENSIVE WITH MATERIAL GAINS.

VIOLENT FIGHTING OVER 16-MILE FRONT

U. S. Troops Fight Way Forward North of Chateau Thierry, the Enemy Retreat Being Almost a Rout.

The second week of the Franco-American counter offensive on the Aisne-Marne front opened today with the allies pursuing a steady advance, and overcoming a stiffening rear guard. The resistance of the Germans during the past twenty-four hours has been most violent, the fighting being centered along a sixteen mile front, from the Ourcq river to Jaulgonne, on the Marne. On the left and center the French and Americans have continued to progress, capturing half a dozen villages and penetrating Riz forest. On the right, the Germans, by a series of counter blows, temporarily gained the advantage, but were ejected to their old positions.

SO HE CAN CUSS KAISER BILL

Utah Man Studies German So He Will Be Able to Tell the Huns What He Thinks of Them.

Special to The Democrat-Forum.

Salt Lake City, Utah, July 25—When the United States Marines march into Berlin there is going to be one Salt Lake representative peculiarly fitted to tell one, William Hohenzollern just what Zion thinks of him, for Covendish W. Cannon, of this city, has enlisted in the marine corps. For several months prior to his enlistment, Cannon was studying German, but he insisted that his teacher school him in only one branch of the German language—profanity.

"I want to learn how to cuss fluently in German," said Cannon, when questioned concerning his peculiar studies, "so that I can tell Kaiser Bill and the rest of the gang just what I think of them. If I didn't know all the words in the German 'cuss dictionary,' how could I do it?"

WOMEN OBJECT TO CLOSED TOWN.

Residents of Macon, Ga., Would Have Amusement Places Open.

Special to The Democrat-Forum.

Macon, Ga., July 25.—Macon women who are members of the War Work Council, have joined in protests against the proposal of the ministers of the city to make Macon a "blue Sunday town." They claim it will interfere with the enjoyment and recreation of the soldiers when they come to Macon.

"Sunday is the only day they get off," declare the women, "and we do not believe they should be deprived of their cold drinks, moving pictures and other innocent amusements.

DESERTED, FOUND LOVER DEAD.

Special to The Democrat-Forum.

Atlanta, Ga., July 25.—Dewey Morgan, 20, deserted the 116th Field Artillery at Macon to come to Atlanta and visit his sweetheart. When he arrived in Atlanta he found the young woman, Miss Leona Moore, had been dead twenty-four hours. He will be tried as a deserter.

FOUR SONS IN U. S. ARMY.

Special to The Democrat-Forum.

Denver, Col., July 25.—Thirty-five years ago Louis Zimmerman doffed the uniform of captain of the German army, set sail for the United States, and came to Denver to establish what has become one of the biggest grocery businesses in this city. Today two sons of Captain Zimmerman are fighting with the American Expeditionary Forces in France. Two other sons are training with home guard units and will enlist in the regular army before the end of the summer.

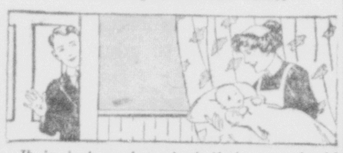
Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.



It is just as important that men should know of proper methods in advance of motherhood. Suffering, pain and distress incident to childbirth can be avoided by having at hand a bottle of the time-honored preparation, Mother's Friend. This is a penetrating external application that relieves the tension upon the muscles and enables them to expand without painful strain upon the ligaments and nerves.

Thousands of women for over half a century who have used Mother's Friend tell how they entirely avoided nervous spells and nausea and preserved a bright, happy disposition that reflects wonderfully upon the character and disposition of the little one soon to open its eyes in bewilderment at the joy of his arrival.

By regular use of Mother's Friend during the period the muscles are made and kept pliable and elastic. They expand easier when baby arrives, and pain and danger at the crisis is naturally less.

You can obtain Mother's Friend at any drug store. It is for external use only, is absolutely safe and wonderfully effective. Write to the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga., for their valuable and instructive "Motherhood Book" of guidance for expectant mothers, and remember to get a bottle of Mother's Friend at the druggist's today. It is the greatest kind of help to nature in the glorious work to be performed.

STILL FORCE GERMANS BACK

(Continued from page 1.)

in fighting during the night, the war office announced today, and some German prisoners and machine guns were taken. The Germans attempted a raid south of Villers Breteneaux, but were dispersed. Rosignal wood lies on the line south of Arras, captured by the British Saturday.

Six German airplanes were downed by American airmen in a series of magnificently successful encounters Wednesday. Late in the evening Lieut. White, while patrolling north of Chateu Thierry, got lost from the patrol and encountered two Albatross machines. He shot one German pilot in the head, the machine falling out of control, and also downed a second machine. Six Americans engaged a group of twelve Germans, downing four.

The Americans fought their way forward through the night, north of Chateau Thierry, under a brilliant harvest moon. The Germans fell back before the advancing columns and at one point the boche retreated so rapidly that it took the Americans two hours to get in contact with them again. Tanks and armored cars supported the Americans.

With Americans at Marne, July 25.—American mounted patrols cleared part of the highway north of Jaulgonne forming a contact with those clearing the Rix forest.

MOVE WHEAT CROP

WILL REQUIRE 50,000 FREIGHT CARS TO HANDLE SHIPMENTS.

CROPS IS ALL SAFE NOW

There Is No Occasion for Farmers to Be Uneasy About Getting Their Grain to Market.

Special to The Democrat-Forum.

Jefferson City, Mo., July 25.—C. B. Bee, railroad rate expert of the Missouri Public Service Commission, does not think there is any occasion for the farmers of the state to be uneasy about getting their wheat to market. He estimates that there will be about 50,000,000 bushels of wheat to move, and it will require approximately 50,000 freight cars to handle the shipments. The grain cannot all be moved within a short period, Bee says, for the combined railroads of the state probably have not in excess of 23,000 freight cars available for shipping wheat, and these cars, too, must be put to many other uses.

Bee has not much confidence in traffic on the Missouri River being increased sufficiently to relieve the congestion of the shipping interests. The solution, he believes, lies more in the direction of additional railroad equipments than in additional steamboats. A freight engine on a good track, he says, can haul 3,000 tons of freight, while the average Missouri River steamboat will not carry above 800 tons and wil consume from a week to eight days in making a round trip from Kansas City to St. Louis. A freight train will make the same trip in about forty-eight hours.

As Bee understands the wheat situation, the grain will all go to the markets in good time. There is now no danger of losing any of the crop. As the grain is needed for shipment from the main points in the country are full, and because they are not able to store any more wheat some of the farmers who are in a hurry to turn their grain into money, imagine that the railroads will not be able to move their shipments.

TO DEDICATE NEW CAPITOL

Formal Ceremony Will Take Place at Jefferson City, October 5—Building Is Near Completion.

Jefferson City, July 25.—It has been definitely determined by the capitol building commission to dedicate the new State House formally October 5. Chairman Edwin W. Stephens, speaking for the board, stated that by that time the structure will be fully completed.

This is the third or fourth time that a date has been set for the dedication. Some of the odds and ends of construction about the building have been delayed through stress of war-time conditions, which have delayed materials and caused contracts to be long drawn out in execution.

No details have yet been agreed upon by the commission, but the program will be state-wide in its scope, and arrangements will be made for a large crowd on the day of the dedication.

While it is expected that the building will be fully completed by the date fixed for the dedication, the grounds will hardly be finished, as there is yet much grading to be done, and there is a great deal of landscape gardening to be planned and executed before the campus will be in any degree presentable.

A MARYVILLE MAN'S EXPERIENCE.

Can you doubt the evidence of this Maryville citizen?

You can verify Maryville endorsement. Read this:

James C. Lornson, retired farmer, 1023 N. Mulberry St., says: "Whenever I have a little stiffness in my back or pain across my hips, I use Doan's Kidney Pills. At one time when my kidneys were badly congested and I was all crippled up with the lame back, Doan's removed all the pain and misery and fixed me right up. They also removed the dizziness and improved my health in every way. I never fail to praise Doan's Kidney Pills when I have a chance."

REPLIES TO FOLK

(Continued on page 4.)

dent, "We stand firm in armed neutrality." According to Senator Wilfley, this speech came only three days before he sent the President the same opinion in the telegram.

Senator Wilfley said that he had no reason to proclaim his own loyalty except in answer to the "malicious misrepresentation" of Folk, and that he did not question the loyalty of Folk.

He bitterly arraigned the St. Louis Republic as guilty of duplicity and treachery, both to the nation and to the Democratic party. He said that twelve days after he sent the telegram to the President the Republic printed an editorial containing the spirit of the telegram. He displayed a photograph of a full-page copy of an advertisement printed by the Republic for the Emergency Peace Federation, an organization, he said, for the distribution of pro-German propaganda. In this advertisement was a request to all citizens to express their views by telegram or letter to the President.

Proclaiming that the Republic "sold out to the Republicans," he displayed another photographic copy of an advertisement of the Republic which said that "True Americanism will vote for Hughes." He said that this advertisement lost the Republic 20,000 subscriptions. He further accused the managing editor of the Republic of voting for Hughes.

The beginning of Senator Wilfley's speech was an appeal for the support of the war at home as well as at the front trenches. He said that victory would not come without the hearty co-operation of both the civil and military forces.

The Senator made a sweeping denunciation of the atrocities of the Germans, saying that he had opposed them from the start. He summarized the present war as a conflict between Christianiay and Kultur.

"Christianity stands for chastity and virtue; Kultur says these are mere conventionalities. Christianity says, 'Suffer little children to come unto me; Kultur cuts off their hands. Christianity says that the greatest thing is love; Kultur says it has no more virtue than hate. Christianity stands for peace; Kultur for continuous war.

"This is a war against war. We are fighting for peace, and the rights of every nation, great and small, to form its own government, and to live in peace under it. We are fighting for the principles of justice, mercy and right. We must show Germany that right is greater than might.

"We will not stop this war until the Stars and Stripes are planted in the streets of Berlin by General Pershing, and the treaty of peace is signed by Woodrow Wilson."

L. C. Cook presided at the meeting. Senator Wilfley, a convincing and interesting speaker, made a favorable impression on those who heard him. He left after the speaking last night for Mound City, where he delivered a speech this morning. He was driven to Mound City by George Robb Ellison, who was accompanied by M. E. Ford and James Todd.

WOMAN'S DANGER PERIOD.

The period betwe enforty-five and fifty-five years of age is said to be a crisis or danger period in a woman's life which tests her for her fitness to continue the race. It is then that she suffers from such annoying symptoms as heat-flashes, nervousness, headaches, "the blues," or dread of impending evil, or some dormant disease in the system becomes active. When a woman is passing through this crisis there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, which after forty years of success is now considered the standard remedy for woman's ailments.—Adv.

war, at which all German sovereigns and military chiefs will be represented, has been called by the Kaiser for the first time since the battle of the Marne began, said a dispatch from a German source today. German newspapers not printing the French war office communique, declared it is an error to underestimate the American infantry, and to do so would only expose the German people to surprise in the event that the Crown Prince's army suffered defeat, the Berliner Tageblatt is quoted as saying.

Washington, July 25.—American troops continue to force back the enemy between the Ourcq and the Marne rivers and northwest of Jaulgonne have penetrated the German positions to a depth of from one to two miles, says General Pershing's communique, dated the 24th, and made public today.

Home Necessities!

Once on a time there were no furnaces, nor washing machine, nor separators, nor telephones, for that matter—but now these things are all NECESSSITIES.

The Rullman Washer

Is a home necessity that will pay for itself in a short time in the saving of work and time. With the extra work that is being done by the women of the country, anything that saves time is a necessity. THE RULLMAN is built on the best washing machine principles to make it do the best work with the least effort—it runs easy, washes clothes quickly and clean. We want you to see the RULLMAN before you buy a washer.

HOW WILL YOU HEAT YOUR HOME NEXT WINTER?

If you will bring this problem to us we will help you solve it. We believe we have two of the best furnaces it is possible to make, and we have an expert furnace man who will be glad to take your heating question up with you at any time—but DON'T wait too long—furnaces will be hard to get and the time for putting them in is getting shorter every day.

MANY OTHER HOME NECESSITIES WILL BE FOUND AT OUR STORE.
